DETAILED ACTION

Response to Amendment

1. The amendment to the claims filed on 7-21-03 does not comply with the requirements of 37 CFR 1.121(c) because Applicant's amendment contains changes that were not indicated by bracketing and/or underlining. For example, in claims 41, 208 and 217, the terms "phophoramidate" and "phosphate trimester," replacing the terms "phosphoramidate" and "phosphate triester," respectively, as set forth in the claims as previously filed.

Response to Arguments

2. Applicant's arguments, see Paper No. 50, filed 7-21-03, with respect to claims 1, 8-20, 36, 40-50, and 207-224 have been fully considered and are persuasive. The rejection of claims 1, 8-20, 36, 40-50, and 207-224 as set forth in the Office Action mailed 4-10-02 has been withdrawn.

Claim Objections

3. Claims 41, 208 and 217 are objected to because of the following informalities: Claims 41, 208, and 217 recite the terms "phophoramidate" and "phosphate trimester." These terms are spelled incorrectly. It is likely that applicants intended to the appropriate terms to be "phosphoramidate" and "phosphate triester," see the claims as originally filed.

Appropriate correction is required.

Sequence Listing

4. This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 CFR 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 CFR 1.821 through 1.825 for the reason(s) set forth on the attached Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures. The nucleotide sequences of 10 nucleotides or more, set forth in Figures 1 and 3, are not included on the Sequence Listing in paper or CRF form.

5. A complete response to this Office Action requires that Applicants comply with the sequence rules, and that pending rejections be addressed. Any response that does not address all of these issues will be held as non-responsive. Direct the reply to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the reply.

Conclusion

6. Claims 1, 8-20, 36, 40-50, and 207-224 are free of the prior art searched.
